

KUMMARI GOPAL

Full Stack Developer

+916303665595 ◇ gopalkummari26@gmail.com ◇ [LinkedIn](#)

PROFESSIONAL SUMMARY

Motivated MCA student with knowledge of Python, SQL, HTML, CSS, Bootstrap and JavaScript Web technologies. Passionate about coding, logical thinking, and developing efficient software solutions. Strong problem-solving and analytical skills with an interest in AI/ML, research, and emerging technologies. Quick learner, adaptable, and passionate about building innovative software solutions.

EXPERIENCE

Front End Developer Intern

Aug '23 — Jan '24

Sattva Infotech, Tirupati

Tirupati

- Designed responsive landing pages using HTML, CSS, Bootstrap and collaborated with the design team to improve UI/UX
- Implemented dynamic user interface features such as form validation, DOM manipulation, search functionality, and API integration using **JavaScript**.
- Designed and maintained database applications by integrating Python backend services with **SQL** for efficient data storage and retrieval.
- Utilized problem solving and debugging skills to improve application usability and performance.

EDUCATION

Master of Computer Applications (MCA) , Rayalaseema University

Sep '24 — Jun '26

Kurnool

Bachelor of Computer Science (BSc), Sri Govindaraja swamy arts college

Nov '21 — Jul '24

Tirupati

PROJECTS

Online Health Chatbot System [Link](#)

- Developed an **AI powered Online Health Chatbot** using **Python** that provides conversational health assistance and responds to user queries in natural language.
- Integrated **Large Language Models (LLMs)** to generate context aware, personalized responses and improve the accuracy of health related interactions.
- Built a responsive web interface using **HTML, CSS, Bootstrap, and JavaScript**, ensuring secure, interactive, and user friendly access to the chatbot.

Quick Bite (Food Delivery Web Application) [Link](#)

- Developed a responsive online food delivery web application using **HTML, CSS, Bootstrap, JavaScript, and Python**.
- Integrated backend APIs to manage food items, user data, and order processing.
- Created an **admin dashboard** to manage restaurants, menu items, pricing, and customer orders.
- Used **Git and GitHub** for version control, collaboration, and source code management.

SKILLS

Programming Languages Python

Frontend: HTML5, CSS3, Bootstrap, Javascript

Databases: SQL

Tools: VS Code, Git, GitHub
